## **Barry Crimmins and Noreen O'Toole of Platinum Partners, LLC Discuss Real Estate Project Permitting and Planning on "Radio Entrepreneurs"**

STOUGHTON, MA, ISSUED NOVEMBER 12, 2019...Barry Crimmins, an attorney specializing in zoning and permitting for real estate issues and a partner at Platinum Partners, LLC, and Noreen O'Toole, a veteran land use planner and partner at Platinum Partners, LLC, recently appeared as guests on "Radio Entrepreneurs." Crimmins and O'Toole were interviewed by the show's host, Jeffrey Davis, and special co-host Richard Hirschen, CPA, CGMA, a partner at Gray, Gray & Gray. Crimmins and O'Toole were featured as part of the Gray, Gray & Gray Stories of Entrepreneurship session with Radio Entrepreneurs.

Crimmins and O'Toole talked about the launch of their new firm, Platinum Partners, LLC, which is a land use permitting and consulting company serving all of southeastern Massachusetts. The firm specializes in development, property management, planning, and project management, and can assist developers and property owners throughout the entire permitting process. Combining the legal expertise of Crimmins with the planning experience of O'Toole positions the new firm uniquely, to advise both public sector clients as well as private companies on how to navigate through the permitting process to take a development project from concept to completion.

As a new venture, Crimmins discussed the different strengths they each bring to the firm that allows it to take a different approach with complex real estate deals. O'Toole also offered specific examples on projects Platinum Partners is currently working on, as well as her experience as a new entrepreneur.

Radio Entrepreneurs shares the stories of entrepreneurs in the interest of giving more exposure to innovative and fast-moving companies while creating a knowledge pool for the enrichment of the entrepreneurial community around the world. The show is broadcast daily and the individuals in the interviews are entrepreneurs from various backgrounds. The conversation is their story: the story of who they are and how they became an entrepreneur.

"We're so grateful to the Radio Entrepreneurs team and Gray, Gray and Gray for this opportunity to talk more about the real estate project permitting and planning issues that many developers face, and how we can help organizations navigate the process to enhance the likely success of the project," said Crimmins.

"This was a great chance to talk about how complex development projects can better succeed with the right approach," added O'Toole. "Thanks to Jeff and Rich for the great conversation."

Crimmins' and O'Toole's interview can be heard at <https://radioentrepreneurs.com/2019/10/02/real-estate-project-permitting-and-planning-with-barry-crimmins-noreen-otoole-of-platinum-partners/>.
